PREMIUM FINE ART ALBUMS

Traditional techniques the modern way

Folio Albums' workshop is climate-controlled and has specialist lighting to help maintain our stringent standards of consistency and quality. It's staffed by a talented team who take huge pride in crafting beautiful pieces people will treasure forever.

Although age-old production techniques are used, Folio Albums applies modern lean manufacturing principles. This reduces the distance between each process to improve both efficiency and quality.

Carefully crafted in Britain

Everything produced is handmade to order at Folio Albums' workshop in Yorkshire. The team makes sure each album is truly special – whether you have bespoke requests, want lots of personalisation or just want to be certain you'll get an exceptional finish.

Sustainability

Folio Albums believes they have a great responsibility to minimise their impact on the environment in whatever way they can. Folio Albums continually review how they're working and look for new ways to take as little from mother earth as possible, while giving as much back as they can. Folio Albums products are beautiful and are crafted to last a lifetime, but not at the expense of the environment and its delicate global ecosystem. All materials come from sustainable sources and, wherever possible, they're also 100% recycled.

Blind Debossing.

Some might call it blind blocking or stamping, but it's all the same magical process. Using traditional methods, letters are pressed into the cover without ink or foil for an elegant, classic presentation that's wonderful to the touch. Blind debossing is mostly available on Contemporary Leather and Purity cover material ranges.

Available fonts: Coronation, Helvetica, Bebas & Prata in uppercase characters only.

Engraving

Using a laser your text or bespoke motif is engraved in to the cover material. The process works by removing the top layer of the material to reveal the natural hues underneath. Engraving is available on most materials.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.

Gold & Silver Foiling.

You'll be amazed at just how far foil stamping has come. We use heat to transfer metallic foil to our albums for an eye-catching enhancement. Foil debossing is available on a limited range of materials.

Available fonts: Coronation, Bebas & Prata in uppercase characters only.

22 Carat Gold & Palladium Finishing.

There's precious little more to say - sometimes only real gold will do. 22 carat gold personalisation is available on leather & Purity covers. Palladium personalisation adds a luxurious 'silver' finish to your book. Rarer than gold, yet non-tarnishing like silver, palladium has become highly desirable with discerning clients.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.
